The Angels of Friendship, Love, and Marriage

Also known as

**The Angels
of
Trapi**

Beloved,

**Loving relationships are a most miraculous phenomenon,
because therein does Divine Being become Self Aware
through new and unique,
ever more fascinating, experiences of Him/Herself!**

**Each time friends or lovers find one another,
it is really the spark of God seeing Him/Herself in another
Him/Herself.**

**The new friends or new lovers ignite tremendous emotions,
interest,
and excitement, unfolding new combinations of divine
qualities
never before revealed and manifested in quite the same
way.**

**Sparks of recognition leap mind to mind
as emotions of love flow heart to heart.**

These sparks charm the whole Being of God.

**Within one minute of having a thought,
over a hundred thousand chemical reactions occur in the human body.**

It has been scientifically explained that each reaction produces a spark of light.

**Sparks of recognition,
of the divine within recognizing itself in others,
are elixirs of bliss,
joy,
and love.**

**There is a celebration in the heavens upon first revelation
of such a
powerful, new friendship or love
two friends or lovers have found each other!!
that is so infectious, enchanting, and intoxicating,
that within embodiment
the friends or lovers
partake of a heavenly contact high that blesses all of
creation.**

**The underlying unity of Divine Consciousness
seeks to express Itself in the world of form,**

through powerful electric desires
and magnetic emotions
of sacred relationships.

***Faith sees through the eyes of love,
and follows inner guidance,
with high inspiration,
longing for divine perfection
and unity
with the original purity of all ideas in
divine mind,
with understanding of cause and effect.***

***Emotions of love are waters of life
which course throughout the entire Web of Life.***

***Faith, combined with clear inspiration and inner guidance
and longing for divine perfection,
gives authority.***

With faith we manifest miracles of love.

***We take dominion over creation,
acting from our hearts with love instead of fear.***

***We inspire the children of light to know
that by claiming such authority while incarnated
in the world,
sacred relationships that flow with beauty on all
levels manifest with power.***

**With high inspiration made possible by love,
it is possible to see that within each stone and mountain, each tree and
flower, each bird and
beast, each man and woman,
there are feelings of kinship,
that flow between them and all others,
interconnecting all in existence.**

**These heartfelt emotions are magnetic,
and as they are inspired with divine perfection,
they create happiness, coherence and cohesion that holds together
physical realms.**

**Everything in creation is a complete expression of Divine Being in and
of itself.**

People are complete universes within themselves.

**Sentient beings are unique expressions of Divine Being.
Each person and creature is worthy of love,
worthy of being a beloved friend.**

Each being is a special microcosm of the macrocosm.

**The body of The One Creator, the macrocosm,
is composed of these infinite microcosms or universes.**

The flow of love between these infinite beings is the flow of life.

**In all of these infinite universes, there is The One Life that lives,
moves, and breathes in them all,
just as there is one being who lives in all the cells and atoms of each
individual person.**

***Therefore, underneath the many individual consciousnesses
and emotions, there
exists a consciousness and an emotion, within each
universe,
that dwells in unity with all others.***

This emotion is divine love.

This is the miracle of pure being and love, of Unity within diversity.

**The consciousness of Divine Being, in this way,
grows and unfolds.**

**Loving Relationships dance in magnificent varieties and manifest ever
growing wonders.**

**Remember that the underlying unity of Divine Consciousness,
seeks ever to express Itself in the world of form,
through powerful magnetic emotions of sacred relationships.**

***As Divine Virtues come to light, are recognized and
treasured in one
another, inimitable deep emotions are experienced in all
varieties of loving relationships.***

Friendship, Love, and Marriage

**are alchemical transformations
that are similar yet different in each kind of union.**

**The miracles of Friendship,
the ecstasy of Love,
and the bliss of
Marriage
are the birthright of all who,
through inner guidance,
are led to them.**

The Powers of these emotions transform Earth into Heaven.

How splendid are the miracles manifesting on Earth!

**Through the divine virtues of Trapi, we inspire and protect loving
relationships.**

disharmony, the heavenly hosts awaken high levels of inspiration,
so that ingeniousness removes all obstacles.***

***In meditating on this virtue, see yourself as a tiny dot in your solar
plexus with the rest of the body as an infinite swirling universe all
around you.***

Meditate with focus on high inspiration from Divine Mind.

Do this with a sensation of warmth and fire filling the body.

***See a brown black color shining forth from a sun in the head region that
channels through the right kidney.***

***RThe sound of the letter R is the divine virtue of becoming the master
and***

guardian of freedom and independence.

***It is this virtue that is used by each child of God who listens to and
follows their own inner voice of guidance.***

***This inner guidance is a person's unmistakable link with the Universal
Mind of Divine Providence
that lives and moves in all space and time and beyond.***

In this state of freedom and independence

*there is the feeling of freedom of any pressing burden of the laws,
for by the mastery of all the preceding
virtues
you have achieved a state of maturity by which this feeling of
independence
has been transformed into an absolute state of security and
unimpeachability.*

*This comes from the realization of the harmony
and perfection of all divine laws and the identification and love of them
so
intensely that they have actually become merged with oneself.
In this case you are the personification and representation of the divine
laws and they
will serve you, and your sense of freedom will derive from them rather
than in spite of them.*

*This is a very high state of consciousness,
but it is the state that every human being is destined to accomplish.
It is for this reason that your teachers have told you that
"the truth is written within your heart".
The color of this virtue is golden; the musical note is C.
The element is earth, so it has the sensation of weight.
The left side of the nose is formed from it.*

*A, as in a sigh ahhhhh,
This is the sound of the divine virtue of highest wisdom and
enlightenment.*

*This sound [soft as in a sigh ahhhhh] and virtue is an initiation
into the highest wisdom and the purity of all ideas.*

*This has as a fundamental feature the enlightened mind.
Reasoning, perception, the cognition of the most profound truths,
highest knowledge, high intelligence,
and the arousing of all intellectual
faculties are expressed. Musical gifts, eloquence, poetic talent, and
clairvoyance, clairaudience,
the art of levitation, and the control of the air element and its beings
are all aroused by meditating on this virtue.*

*On the physical plane the command of the beings of the air,
control over storms, are all made possible by initiation into the highest
wisdom.*

*The color of wisdom and enlightenment is light blue, the musical note
is G, the element is air so it has the sensation of ease, and the lungs are
formed from it.*

*Umlaut A, ae The sound of this letter, the long A, in the cosmic
language is the virtue of the origin and mystery of life and death*

*regarding their transformation.
By meditating on this virtue, a child of
God becomes convinced that in reality death does not exist,
for the so-called death is only a transformation from one state into
another.*

*Also will come enlightenment on the cause of this transformation.
With this comes the ability to master all negative spiritual beings
in all spheres and planes with regard to their scope of action.*

*The purpose for which negative beings have been created becomes
clear.*

*Since, in the original principle all beings are alike, each
having been created by Divine Providence to fulfill a certain task,
there is no dissimulation of negative beings, for from the enlightened
persons point of view
everything is pure. Here the saying: "to the pure one everything is pure"
becomes plain.*

*If there were no negative beings,
it would be impossible to distinguish between good and evil;
and if there were no passions, there would also be no virtues.*

*This virtue confirms the words contained in the Bible:
"through night to light",
the deep symbolic meaning of which now becomes clear.*

*In the intellect the ability is gained to see through all thoughts, actions
and wishes concerning matter,
and of becoming their absolute master.*

*In the emotions, this virtue represents desires, passions, and the
inclination to self-satisfaction etc.*

*A person who masters this virtue
in their emotions becomes absolute master and ruler of all desires and
passions.*

*Also, a person is able to not cling to mental, emotional,
and material virtues and objects.
This means complete independence and freedom and fulfills the saying
"bind yourself and you will be free".*

*On the material level this virtue is one of the most materialized.
No matter whether you evoke it in the mind, the feelings, the akasha, or
the material world, the earth is influenced by it to a larger extent.
The ability to infuse matter with divine virtues is heightened.*

*The color of this virtue is loamy brown. The musical note is C.
The element is earth so it has the sensation of weight. The anus is
formed from this virtue.*

P This sound is the virtue of the longing for perfection and the highest

*spiritual realization.
By meditating on this virtue, a child of
God awakens increased longing for unification with the original light,
and with the divine virtues.*

*The desire for perfection is the cause behind learning how to create
effects in the akasha, which is the element of consciousness-
penetrating-all, through will, intellect, feeling, and action.*

*The deeper and the more frequent the seeker is penetrated by this
virtue,
the deeper will be the emotion of humility,
and it is in this state that is found the greatest and most powerful
proximity of divine majesty,
of Divine Providence.*

*In the emotions, this virtue evokes the longing for purification, for
transformation,
of ones character and the longing for equilibrium in
will, intellect, feeling, and form.
It evokes the ability to perceive beauty from the universal standpoint as
the outcome of perfect harmony.*

*This virtue is dark grey, and has the musical note of B. Since it is the
earth element, it has the sensation of weight. The right side of the nose
was formed from this virtue.*

*In the akasha principle, which is the principle of
consciousness-penetrating-all, this letter refers to fate, that is to the
karma law,
which is the law of cause and effect.*

*All doings and all actions, all life, come under this law.
The law
of evolution is expressed by it.
On the mental level this is analogous to memory, remembrance and
conscience.*

*On the emotional level, the astral matrix, which is the connecting link
between the material body and the soul, or feelings, is controlled by the
principle and laws of cause and effect.*

*On the material level the laws of analogy between the microcosm and
the macrocosm are understood.*

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her. The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon. Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies. The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Grammarly Quotes

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are healed.

**Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .**

I give thanks that this is done.

SO BE IT!
