A new moon is always a new beginning.

*This new beginning ushers us all to let go of old forms of desires, thoughts,
feelings and situations*

and transmute them into the highest good of all concerned,

and approach all with divine nurturance.

The north node, the direction of the chart, is

9 degrees Cancer

The Angels of Occult Faculties

Also known as
The Angels of
Oramos

Beloved,

We teach people how to follow in the footsteps of masters of old,
teachers of every century and culture, teachers who demonstrated gifts of the
spirit.

"All that I do ye shall do and more."

"Ye are made in the image and likeness of God."

"Know ye not that ye are Gods?"

Being made in the image of the Divine Creator,

mankind is intended to manifest fully,
on all levels,

in the likeness of God.

"I have given you dominion over creation."

"What you do to the least of these, you do unto me."

"The greatest of these is love."

We are endowed within, in our divine spirits and souls,

with Divine Consciousness and Divine faculties.

These faculties include clairvoyance, clairauidience, clairfeeling,

clairsentience, psychometry, and the like.

They also include command and dominion over spirits of every level.

"For I have given you dominion over all in Creation."

"Ask and ye shall receive. Knock and it shall be opened unto you."

"For I have not given you the spirit of fear, but of joy, and life everlasting."

We are the heavenly hosts that help you when inner guidance directs you to use gifts of the spirit in service and joy to manifest divine success and satisfaction for all.

Remember that Divine Being is everywhere present. It is also all powerful and all knowing. Divine Being is the highest Love imaginable.

EMOTIONS attract specific results into manifestation through magnetic resonance.

Powerful flowing divine emotions create strong magnetism that attracts changes powerfully into manifestation.

Strong flowing divine emotions, especially emotions of omnipotence such as faith and enthusiasm, attract miracles.

Strong flowing emotions of omnipresence, such as love, grace, happiness, and unity attract beautiful outcomes.

Whenever a person wishes to obtain information or create new realities through mystical faculties,

attention is placed on the desired reality, person, information, or object.

Strong WILL and faith are expressed through and into a visualization made in meditation

of what is desired,
this attracts strong flowing emotions of this visualization already manifest.

This triggers a chain reaction that causes this manifestation to actually occur,
out of the quantum field of energy and potential.

As you can see, when electric will turns into magnetic emotions,
this information is ATTRACTED and manifests accordingly.

This is done as visual images come into the visual imagination,
and other senses, such as sounds and feelings of this visualization,
also come into the imagination,
creating the electro-magnetic fluid that triggers powerful psychoactive
chemicals in the pineal gland,

which is known as 'the third eye'.

TRUST.

With the faith and innocence of the divine original little child self within,

TRUST inner guidance as to what to visualize,
trust the information as it comes into the mind's eye,

creating inner thoughts,

hearing, emotions and sensations.

As you will see through experience, intensity and clarity of intent, focus, and
emotion
determine the intensity and clarity of results.

If a person has unresolved and unconscious emotional traumas stored within
the subconscious,

and therefore within the body tissues,

these, along with their correlative negative beliefs and concepts,
may intrude into the imagination during important times of meditation.

Then, instead of getting pure divine inner guidance and information
concerning the focus of attention,

these unresolved emotional feelings, memories and beliefs
may contaminate the purity and accuracy of meditation.

In this case, to correct this, it is important to embark upon an on-going course
of emotional healing and resolution

of past traumas and emotional wounding .

We help each person bring emotions into alignment with divine love,
so that indwelling Divine Perfection can be distinguished and enlivened.

In so doing, the principle of Divine Justice and Harmony is also enlivened,
so that only that which is the highest good of all concerned results.

By looking at everything through the eyes of divine love,
it is possible to transmute whatever is seen into its underlying divine essence
of perfection,
and it is possible to bring about divine harmony,
no matter how imperfect the situations may have been up to this point.

“As you sow, so shall you reap.”

Understanding the dynamics of The Unified Field
means careful adherence to inner guidance and wisdom in using the gifts of
magnetic attraction.

Understanding The Law of One reveals the interconnectedness of all life,
and reveals that whatever is done to another affects the self.

In this way that gifts of the spirit are used only for the highest good of all
concerned.

Priorities, values, and use of time on Earth change as a person regains use of
the gifts of the spirit.

Activities become those of creative, loving, ecstatic, and enlightened divine
immortal children

in a Garden of Eden, which is the original intent of Creation.

“Ye must be as little children to enter the kingdom of heaven.”

Occult faculties are used to communicate with heavenly realms
and with the spirits of nature in all encompassing love and gratitude.

Thus is God's will for heaven on earth manifest.

"For I have not given you the spirit of fear, but of joy, and life everlasting."

MIRACLES

*The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.*

THE LAW OF

ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all there is;

*I ask that THE HIGHEST GOOD OF
ALL happen.*

*I give thanks that this is done.
SO BE IT!*

*Because this new moon beginning has a north node in the sign of Cancer,
we realize that we have the ability,*

*as divine beings,
to materialize or dematerialize current realities whenever necessary,
to nurture the precious creation of Earth and all who are influenced by it.*

We are entering the ancient future, the time of flowering,

"on earth as it is in heaven".

The 28 Angels of the Moon Sphere

Divine Emotional Magnetic Rhythm

***‘The Moon in its planetary function
influences everything liquid on our earth.***

The Moon sphere is analogous to flowing emotions and feelings.

***The emotional awareness of each child of God,
is known in ancient terms as the astral body.***

**Emotions of happiness are necessary for all timelines to manifest divine harmony in
the quantum field.**

**Healing of the Divine Feminine, the awesome realm of flowing emotions and magnetism,
the water element, is necessary for Heaven to manifest on Earth.**

The healing of emotional flowing of each child of God on Earth is therefore of major importance.

The Angels of the Moon Sphere
are commissioned with great responsibility in this regard.

Angels of the Moon work with mankind in the realm of flowing emotions,
in contrast to the Angels of the 360 degrees of the zodiac
surrounding the Earth who work with the children of God in the realm of vitality.

There are 28 angel groups, one for each day of the moon cycle.

The Moon Angels of Tides

Angels of 'E-B-V-A-P'

New Moon 1st Day of Lunar Cycle

Beloved,

We inspire perfect use of OMNIPOTENT SACRED WILL

***FOR THE HIGHEST GOOD OF ALL
and SACRED FLOWING EMOTIONS***

in the meditation of the divine virtues so that all things are possible.

We have been given the responsibility by Divine Providence to control not only the tides of earth,
but also the tides of water in the bodies of all living things.
These tides correspond to flowing emotions of omnipresent,
omnipotent, and omniscient Divine Love and Life.

***When the children of God call on us for our help,
we teach them how to use omnipotent
will and intent for the highest good of all in combination
with strong flowing emotions of unconditional Divine Love
to heal the emotional reality of Earth.***

In this way we teach how to control the physical reality of Earth,
because the physical reality of each person,
and of the Earth as a whole,
is determined by flowing emotions.

Just as we control the tides of earth,
we teach the children of God to attune themselves emotionally to the rhythms of Divine Life,
so that they may flow with the sea of unconditional all encompassing Love,
that ebbs and flows with the expression of polarity in Universal Consciousness.

***We particularly attune the child of God to the use of the Sacred Dream,
the blueprint for perfection on the Earth
This blueprint is the Prime Will for the highest good of all for Earth.***

This is the Prime Will for bringing about a perfect kingdom,
a home of pristine beauty and harmony for all living creatures.

Miracles are created by combining OMNIPOTENT WILL FOR THE HIGHEST GOOD of the Earth,
the electric-masculine power,
with the FLOWING EMOTIONS of unconditional love and flowing feelings of the Sacred Dream of the Moon,
the magnetic-feminine power.

Just like the miracles of the tides, FLOWING EMOTIONS of the Sacred Dream and Divine Love of the Moon,
manifest perfect power,

rhythm, harmony, and cycles of flow in the emotional life
for all the children of God and for all sentient creatures.

*By studying the tides, and flowing with emotions of their healing effects,
perfect understanding of this is attained.*

By studying the scientific effects of the tides,
the influence of a rhythmic emotional life on the well being of the physical bodies
of the children of God and on the creatures of the world is understood.

Attune to the divine virtues represented by the letters of our name,
and call on our help to receive the following:

'E-B-V-A-P

E

We use cosmic and universal transference of consciousness -----

B

to produce miraculous phenomena, change the course of fate,
and teach the children of God the control of will and flowing
emotions in all planes. -----

V

*We mentor masters to control the unfolding of spiritual qualities in
self and others. -----*

A and umlaut A (ae)

We teach seekers to apply wisdom and truth of the enlightened
mind to develop magical abilities

like clairvoyance, mental discipline, language of symbols, and mind
control.

We reveal the original perfect divine blueprints of everything in
creation.

umlaut A, AE...all imperfect forms of everything
in being, will, thought, emotion, and form are released,
and therefore go through transformation,
making way for the perfect original divine blueprints to manifest. --

P

We instill devotion to service and to sacredness. We inspire the
perception of beauty

from the universal perspective as harmony and the cultivation of
unconditional parental love,

which provides an umbrella of protection and nurturance to
promote creativity.' -----

The musical melody of our name are the notes: D ~ A ~ F# ~ G~C ~ B.

We inspire perfect use of OMNIPOTENT SACRED WILL

FOR THE HIGHEST GOOD OF ALL and SACRED FLOWING EMOTIONS

in the meditation of the divine virtues so that all things are possible.

On the first day of every 28-Day Moon Cycle we flood the Earth with deep rhythmic flowing
emotions that control the tides,

so that all life may attune to the rhythms of the Heart Divine that pulsates throughout the Web of
Life.

"All that I do ye shall do and more."
