## **The Angels of Emotional Healing**

Also known as

The Angels of

## **Ampholion**

Beloved,

**We help with the healing of painful wounded negative emotions  
so that they transform,  
and in so doing,  
become positive and life enhancing once again.**

**Because emotions are magnetic and attract new realities  
into form,  
they must be constantly healed to protect the quality  
of what we experience in every day life.**

**Just as a physical body continually releases toxins and  
waste products,  
and repairs outworn and damaged cells,  
emotions are designed to be processed,  
so that they stay pure and beautiful.**

**In this way Heaven can manifest on the earthly plane.**

**We teach all to have faith and delight  
in the process of emotional healing and transformation.**

**We are guardians of flowing emotions.**

**Emotions are life.**

**Just as a physical body knows how to heal itself, so does an  
emotional body.**

**Unconditional love, forgiveness,  
and gratitude for the wisdom that comes from mistakes of  
self and others,  
are combined with emotional flowing in safe and  
nondestructive ways**

**Just as water will cleanse through flowing naturally,  
emotions also cleanse through flowing naturally.**

**Crying, safely expressing fear or anger, grief or sorrow,  
shame or hopelessness,  
in the presence of empathy and love,  
from one's own self in meditation or in the presence of  
another,  
catalyzes this healing.**

**Emotions are the change process.**

**Remember that whatever emotions flow through you attract  
corresponding realities into physical expression.**

**When the ancients spoke of immortality and overcoming death,  
they understood the effects of Bliss on the human body.**

**It was said that death would be the last enemy to be overcome,  
because they knew that only in the final days would emotional energy  
be embraced, understood, and  
allowed to flow freely and stay pure enough in the ways that make Bliss  
natural and sustainable.**

**When a person is happy, life is experienced as beautiful,  
and death is no longer seen as an attractive and dignified alternative to  
emotional and physical suffering.**

As wounded painful angry emotions buried inside each person,  
ecosystem and animal  
are lovingly validated, accepted, honored, and allowed to flow and heal,  
then beautiful loving blissful emotions naturally return.  
Divine Bliss and Power and Wisdom exist everywhere, keeping creation  
in place.

When natural emotional and physical healing occurs,  
this bliss, power, and wisdom is revealed, and harmony blossoms.

As Love and Bliss return, beauty and harmony restores the will to live,  
and Heaven returns to Earth.

Heaven is no longer believed to be somewhere else in time and space.

Heaven is experienced in the here and the now.

Enlightened Masculine will and thought energy,  
equally balanced with enlightened Feminine emotional and form ,  
restores Heaven to Earth.

The formula for miracles is the combination of courageous will and  
clear divine imaging,  
which is the electric masculine force,  
with strong flowing divine emotions and physical sensations,  
which are the magnetic feminine power.

All children of God are destined to receive their rightful inheritance  
of Oneness with Divine Light and ecstatic, rapturous Cosmic Love.

Each person incarnates to reach the place of miracle working  
through the highest will and emotions of divine virtues.

Realizing a level of the highest will and flowing emotions  
is based on The Law of One that governs the web of life.

This is the Law of Laws from which all other laws come.

The Law of One overrides all lessor laws in all worlds,  
whether they be religious, civil, or social laws.

Whenever a person is ready to shift paradigms from suppressing,  
denying, bypassing, and controlling emotions out of fear,  
to trusting the innate healing processes of Divine Feminine qualities  
of feelings and sensations,  
then emotions come up and flow safely.

It is good to begin by tuning in to your body, find the places of tension  
and pain,  
notice what emotions are causing this tension and pain,  
and then invoke the Law of One.

Because all emotions are magnetic,  
long held negative ones have often attracted negative beings from  
various realms,  
most notably the astral realms.

This Law also frees them to go wherever they need to go for the highest  
good of all concerned.

***THE LAW OF ONE***

***We are All One.***

***When one is harmed, all are harmed.  
When one is helped, all are helped.  
Therefore, in the name of Who I Am,  
and I am one with all there is,  
I ask that only the highest good of all concerned happen.  
I give thanks that this is done.  
So be it.  
So it is.***

**It is also wise to invoke the protection and guidance of the  
heavenly  
hosts to help you in this powerful process of emotional  
transformation,  
and we, the heavenly hosts of Ampholion, protect and guide  
you.**

**Open your heart and discover the power of love to heal!**

**Remember that emotions flow within people and animals,  
attracting new realities into physical manifestation.**

***The healing of painful and limiting emotions in all sentient  
beings  
is one of the most important skills for creating heaven on***

**Holding on to anger is like  
drinking poison and expecting  
the other person to die.**

**-Buddha**

**We inspire scientific understanding of flowing emotional energies so  
that those who have been wounded by traumatic experiences may heal  
quickly and permanently.**

**We teach how negative emotions change through  
flowing in an atmosphere of unconditional love,  
and how in this process they teach much wisdom and then become  
positive.**

**Negative emotions, through flowing in an atmosphere of  
empathy, change to positive and attract a positive outcome,  
much like an anti-particle attracts a positive particle in photon physics.**

**We teach why negative emotional states are allowed by the higher  
selves of people .**

**We reveal how painful experiences help people learn valuable lessons,  
to learn from these personal painful experiences --  
how important it is to heal negativity,  
seek divine emotions of spiritual beauty and seek to permanently feel  
sublime emotional  
states such as love, peace, security, happiness, ecstasy, rapture,  
generosity, bliss, wonder, awe, gratitude, forgiveness, and power.**

**Happiness creates cohesion in the material world.**

(I Am You/You Are Me)

You are my other me.  
If I do harm to you,  
I do harm to myself.  
If I love & respect you,  
I love & respect myself.

Whenever the emotional bodies of people or animals have been wounded,  
emotional pain stays within the physical bodies consciously or unconsciously  
until such time as the painful emotions are allowed to completely flow  
and express themselves in safe and non-destructive ways.

This is best done in the presence of empathy and unconditional love and gratitude.

The presence of empathy, of compassion and validation for these painful emotions as they flow,  
catalyzes natural innate inborn transmutation and transformation processes.

By being thankful for the lessons learned through suffering,  
even more transmutation takes place.

As above, so below.

Just as a physical body knows how to heal itself, so does an emotional body.

Love, combined with flowing, catalyzes this healing.

When painful emotions have been denied and dissociated from, they are  
stored unconsciously as tension in the body.

Wherever there is tightness and the muscles feel hard and tense, there is often stored  
emotional pain and fear. Often massage will dislodge some of this emotional pain.

Then these old painful emotions can be remembered and flow in an atmosphere of divine love and understanding,  
releasing valuable lessons about the importance of harmlessness in life as they flow.

In the case of animals that have been emotionally traumatized,  
it is also wise to gently massage the muscles.

Usually great emotional tension  
is right below the rib cage in the soft area just around and before the hind legs.

If there is emotional pain, this area will feel hard as stone. Rub the tightness out of this area until it relaxes and is soft and pliable.

As you rub the muscles into relaxing, the animal will act out painful stored feelings by moans, groans, fearful actions, and growls.

Comfort  
and soothe the animal as it feels and releases these painful, scared emotions and memories,  
going slowly, taking plenty of time and pausing often.

Use a soothing and encouraging tone of voice,  
and understand that the animal is releasing old fears and defenses.

Do not take its movements and sounds personally.  
Go slow and stop whenever the animal resists.

This way the animal learns that it has control over its own process of release. Over time, work on the muscles bit by bit until all tension is released and the muscles are soft and flexible.  
The animal will seem like a new person!

This same technique works on humans also, and is the basis of Rolfing and other types of massage and body work.

As painful emotions surface,  
allow the emotions to flow deeply.

Thankfully, old paradigms of emotional embarrassment are shifting so that instead of being ashamed or afraid of showing strong emotions, there is understanding and rejoicing when strong emotions are shown in safe therapeutic and non-destructive ways.

All of life is the greatest drama, and each person the truest actor!

As you know, the most important key is to allow painful or angry emotions, in self or others,  
to flow nondestructively in a safe environment of unconditional love and empathy for the inner wounded child within.

Fear of, and resistance to, negative emotions leads to suppression of awareness of them and results in burying them deeper within the body tissues.

An unhappy alternative course of action,  
destructively acting them out so that they cause more harm, also adds more negativity.

By denying, suppressing, medicating, and bypassing painful emotions, the body becomes rigid and so full of pain and anger and frustration that aging and sickness result.

The body produces the same numbing chemicals into the bloodstream  
with physical injury as it does with emotional injury.

Because of this, one of the most important realizations about emotions is that as old negative emotions become so overwhelming that emotional numbing out results, positive, beautiful emotions are also suppressed along with the negative ones.

**DENYING AWARENESS OF ANY EMOTIONAL ENERGY  
CUTS OFF AWARENESS TO ALL EMOTIONAL ENERGY.**

**As people realize this, they learn to welcome all emotions equally  
with empathy and hearts of unconditional love,  
instead of fearing and resisting negative emotions, or acting them out  
destructively.**

**People understand that negative emotions transform  
through flowing in an atmosphere of unconditional all-encompassing  
love.**

**They learn that polarities, such as good and bad, are not separate  
things,  
but opposite ends of single continuums.**

**Flowing with emotions allows emotional energy to move along  
continuums  
of happy/sad, or angry/loving, or afraid/safe etc.**

**Emotions have flow intelligence, and heal themselves naturally  
when allowed to flow safely with understanding and love.**

**The emotional body, like the physical body, has built in healing  
intelligence,  
and simply requires flowing and love to flush out and heal itself.**

**As Earth becomes Heaven, people embrace painful emotions and let  
them move safely, letting themselves emote,  
so these negative emotions move  
along their continuums and transform into their positive emotional  
expressions of Divine Virtues.**

**We teach all to have faith and delight in the process of emotional  
healing and transformation.**

**It is through acceptance and expressing and flowing  
in a safe and loving environment that emotional energy heals and  
changes.**

**It is important that the deepest levels of old emotional wounding are  
accepted  
and over time allowed to come into awareness and flow.**

Generally, getting in touch with old emotional wounds is like peeling layers of an onion;  
the newest traumas are most easily accessible and the oldest traumatic memories,  
especially conception, prenatal, birth,  
and earliest childhood pain,  
are buried so deeply that they do not come into awareness in everyday states of consciousness.

The process of making space for the expression of all emotions can best be done by someone who is strongly grounded in a sense of positive self identity.

Supportively encouraging emotional release work takes a special kind of self acceptance; those people who value acceptance of all their emotions  
and seek growth through therapeutic expression are on a life path very different than those who advocate politeness, harmony, and keeping the peace at all costs.

But, there is a middle path of emotional expression which respects the truth in both viewpoints.

It is possible to practice positive affirmations, uplifting visualizations, and pleasant verbal exchanges in everyday interactions and yet view powerful emotional triggering of traumas  
as a wonderful opportunity for growth.

At these latter times, expression of the powerful emotions that have been triggered  
takes on high priority within the context of a safe environment.

Also at these times early childhood memories  
which are ordinarily outside conscious awareness  
become accessible to consciousness.

The image of lead turning into gold is true in the case of allowing intense negative emotions to burn brightly and flow, allowing purification and transformation.

The very strength of the negative emotional energy of the triggered early childhood trauma  
determines its corresponding positive power to  
uplift the seeker once it is allowed to completely run its course and be positively transmuted.

**This very same emotional energy, through healing, then becomes the gold of wonderful emotions of Divine Being.**

**Emotional energy is the Divine Feminine Energy.**

**Emotions are magnetic and attract new realities into physical manifestation.**

**Emotions of love, bliss, and ecstasy are nourishment that the soul needs to stay in form.**

**These emotions are The Mothers Milk that enable people to grow up in the image of Divine Being, resplendent in Love, Wisdom, and Power.**

**Open your heart and discover the power of love to heal!**

**Miracles!**

**The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.**

**Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.**

The being and the angels share the same name.  
This name is a key to their powers and influence.  
Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].  
Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.  
These books have very important information for these studies.  
The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.  
Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
